Thank you so much for letting us join today, it was great to see him test the waters and open up a bit. I didn't visit my class because he wanted to go back, but please send my love to Rebecca and Roberto. You truly are a wonderful teacher, your kindertime class is so well organised and exciting for the kids....so much better than some places I have seen. Thanks also for all

Everyone I've met though is raving about you and your awesome Kindertime - out of all playgroups in Pattaya it is by far the best, so well organised.

Today I met a mum at Tara Pattana who was saying great things about yr class, forgot her name, German
